

Miniature and Canon for piano quartet (2000) - 4 minutes EP 71207

(vln, viola, cello, pno)

Also available separately; and from the Schubert Ensemble project 'Chamber Music 2000'.

These pieces were commissioned by the Schubert Ensemble for their 'Chamber Music 2000' project. They are for players of intermediate standard; either young players (they were written with small hands in mind) or older players beginning ensemble playing. They may be played either separately or together.

The Miniature is extravert, a fast and forthright movement; the Canon is more inward, calm and serene.
