

Broadwood Bagatelles - 14 minutes (2021)
Clavichord

Broadwood Bagatelles were commissioned by Broadwood and Sons Ltd to celebrate the launch of their new range of clavichords in 2021.

The bagatelles may be played individually or as a selection in any order. If the whole suite is played, it should be in the order listed below.

I composed them using a fretted 'Hubert' clavichord, with a four octave range. However, they also work well on clavichords of different specifications and character.

Broadwood Bagatelles are dedicated to Alastair Laurence.
